

Optitravel

TRAVEL AGENCY MANAGER

Travel files list

Travel Agency management that minimizes resources and maximize results using web technology.

Optitravel - Travel Agency Manager is a fully integrated system that enables:

- › Better use of resources to reduce costs;
- › Multi-company and multi-store;
- › Web interface;
- › Documents in PDF format for better portability;
- › Integration of administrative and operational processes.

"Civilization advances by extending the number of important operations which we can perform without thinking of them."

Alfred North Whitehead

The popularization of the tourism area on a global scale and its consequent specialization has forced the standardization of business processes.

The quick and easy access to processes and their management are required to follow the path to this new "highway speed".

The **Optitravel - Travel Agency Manager** allows you to manage on a easy way all processes of your agency, from customer management integration with accounting, anywhere in the world with secure internet access.
